## PROFESSIONAL SUMMARY

Entry-level Full Stack Web Developer with hands-on experience in building PHP-based web applications using Laravel and CodeIgniter. Skilled in MVC architecture, database-driven systems, and responsive UI development. Actively seeking an entry-level developer role to contribute to real-world projects and grow professionally.

## TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, JavaScript, Tailwind CSS, Angular, jQuery

**Backend:** PHP, Laravel, CodeIgniter (MVC)

**Database:** MySQL

**Tools:** Git, GitHub, XAMPP, VS Code, phpMyAdmin

## PROJECTS

### JobConnect – Laravel Job Portal

- Developed a job portal featuring user authentication, role-based access control, and job application workflows.
- Implemented secure login, form validation, and MySQL database integration.

### EduNova University – PHP Web Application

- Built a university management system handling admissions, courses, notices, and admin panels.
- Implemented session-based authentication and admin-controlled modules.

### Task Manager – CodeIgniter Application

- Created a task management system with CRUD operations, task priority handling, and dashboard statistics.

## EXPERIENCE

### Academic Tutor & Competitive Exam Preparation | Self-Employed (Oct 2024 – Jun 2025)

- Conducted home-based academic tutoring while preparing for government competitive examinations.

### Full Stack Developer Trainee – ACST Institute (Jul 2025 – Jan 2026)

- Completed structured training in PHP, Laravel, CodeIgniter, and MySQL with hands-on practice.

### Full Stack Developer Intern – Vistar Technology (Nov 2025 – Jan 2026)

- Worked on live projects involving backend logic, database integration, and debugging.

## EDUCATION

Bachelor of Technology (Information Technology)

Baderia Global Institute of Engineering and Management (2020 – 2024)

CGPA: 8.42
